

Released-time Bible Classes

***“To educate a person in mind and
not in morals is to educate a
menace to society.”***

—Theodore Roosevelt

PREP4KIDS is an investment in the future of our children.

PREP4KIDS is unique to other school activities in that it focuses on the student's spiritual well-being. Each student that goes through the PREP4KIDS program learns positive attitudes, healthy behaviors, how to set good moral standards, and how to make wise choices.

In addition to the character building benefits, the children who attend PREP4KIDS are given opportunities to grow and learn academically. Kids practice reading, memorization, public speaking, listening, comprehension, and musical skills as they actively participate in class each week.

In a purely academic sense, most of today's kids who do not attend church will lack even a basic understanding of biblical references in history, literature, music and art. The Bible lessons offered in PREP4KIDS enrich a child's entire educational experience.

For children who do not attend church or Sunday School, PREP4KIDS is a great place to start!

For those students who regularly attend church, PREP4KIDS is an opportunity for them to continue their Bible-learning during the week and to build supportive Christian friendships. PREP4KIDS teaches children that church isn't about a building or a Sunday event. We follow Christ with our lives every day and in every way.

Portland Released-time Education Program

RELEASED-TIME EDUCATION

“Released-time” means that public school students can be “released” from school during school hours for religious training **off campus**. Classes are conducted in a nearby church or community building where students are either walked or driven by volunteers. Often, **PREP4KIDS** classes are staffed by members of the host church, which provides the congregation with ministry opportunities for the students and their family’s needs.

HOW PREP4KIDS IS POSSIBLE

Oregon has one of the most generous laws in the nation regarding released-time education.

Statute:ORS 339.420

“Upon application of the parent or guardian of the child, or, if the child has attained the age of majority, upon application of the child, a child attending the public school may be excused from school for periods not exceeding two hours in any week for elementary pupils and five hours in any week for secondary pupils to attend weekday schools giving instruction in religion.”

WHY WE TEACH PREP4KIDS

We believe the Bible should be part of a child’s education. Children miss only about one hour a week (of the approximately thirty hours that they are in school) to attend **PREP4KIDS** and receive education from the Bible as part of their curriculum. The students are **allowed by law** to make up any work missed at school. At the same time, **they are responsible** for completing the work missed while attending **PREP4KIDS**.

PREP4Kids has been bringing a teaching balance back into public schools for over 30 years. It takes a focused and coordinated effort of staff, volunteers, parents, schools, churches and resources to build and sustain a system that can operate effectively.
